

September 15, 1996

Dear Hardrock Runner;

At long last the compilation of times at the various aid stations had come together. Enclosed are the results in three different formats. First is the elapsed time into and out of each aid station relative to the starting time in Silverton. Second is time in time of day based on a twenty four hour clock. You will have to figure out which day is which corresponding to the location and times. The third is the elapsed time from exiting one aid station until entering the next aid station and the time spent in the aid stations.

The time in aid stations is not very accurate this year due to the way we recorded the times. Many of you checked into the station then immediately checked out and went off with your crews. We would like to get a better measure of times spent in aid stations in the future.

I know there are some errors on times and places for people retiring from the run at one of the aid stations.

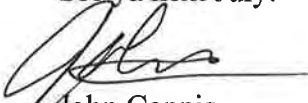

The results sheets used this year had the participant listed in alphabetical order by last name. As I was going through the data, I noted a high percentage of finishers with last name starting with the letters from G to L. Just for fun I divided the alphabet into roughly fourths and compared finish rates. Results are as follows based on a total of 96 entries in 1996. (Another trivia statistic.)

Letters of the Alphabet	Entries	Finishers	%
A-F	24	9	37.5
G-L	21	15	71.4
M-S	34	12	35.3
T-Z	17	7	41.2

Now I don't want to make much out of this, but I do believe that my entry next year will have my last name spelled "Kappis".

A special thanks to Charlie Thorn and Molly Hardman for assisting in compiling all the times after the fact. Charlie's comment after working on them for awhile was that no one should be left in a room with all those numbers without adult supervision. The radio crew at the finish line and in the field did a great job in collecting the times during the run.

See ya next July.

John Capps
