

Hardrock Service Requirement Certification

The Hardrock Hundred has a service requirement for all starters. This can be satisfied by performing eight hours of work in either

- 1) organization of an ultra,
- 2) service at an ultra (e.g. working an aid station),
- 3) work on a trail used by an ultra.

Note that generic trail work is not acceptable - it must be a trail on which an ultra is run, and must be coordinated with the Race Director of that ultra. Pacing another runner at an ultra does not count.

The window for performing this work began July 1, 2018 and ends on July 1, 2019. **This form must be received by the Hardrock Run Committee no later than July 8, 2019**, and must be signed by the Race Director of the ultra which you supported. On July 8, runners who have not turned in their form will be removed from the start list, and their slot will be given to someone on the wait list! In addition, the wait list will be purged of everyone who has not sent in their form.

This form should be scanned and emailed to **Blake Wood, bpwrhc@comcast.net**. Alternately, you can mail a hardcopy of the signed form to:
